TO: City Council
FROM: Police Department
SUBJECT: AUTHORIZATION TO PURCHASE SEVEN FORD POLICE UTILITY INTERCEPTORS FROM FOLSOM LAKE FORD THROUGH THE STATE OF CALIFORNIA DEPARTMENT OF GENERAL SERVICES COOPERATIVE AGREEMENT AND AUTHORIZE THE INTERIM CITY MANAGER TO EXECUTE RELATED PURCHASING DOCUMENTS

STAFF RECOMMENDATION

It is recommended that the City Council authorize the Police Department to purchase seven (7) Ford Police Utility Interceptors from Folsom Lake Ford through the State of California Department of General Services Cooperative Purchasing Agreement, Contract Number 1-18-23-14B (Exhibit 1), at a total cost not-to-exceed $281,837.01 and to authorize the Interim City Manager to execute related purchasing documents.

BACKGROUND AND OVERVIEW

On June 3, 2019, the City Council approved the FY 2019-20 Budget, which allocated $280,000 for the replacement of seven Ford Police Utility Interceptors. Of the seven replacement vehicles, six will be assigned to Patrol and one will be assigned to Traffic. Since the Department historically obtains the lowest price for its black and white vehicles through cooperative agreements, two cooperative agreements were explored.

Below is a summary of quotes from two sources with cooperative agreements:

<td>$278,337.01</td>
<td>$280,000.00</td>
<td>$(1,662.99)</td>
</tr>
</tbody>
</table>

The Sourcewell quote is $8,732.15 over budget and does not fully comply with Department specifications. Vehicles provided from Sourcewell are painted entirely black; however, Simi Valley’s law enforcement vehicles are black with white doors. Staff did not obtain an additional quote for painting the doors white, as the quote exceeded budget and was $6,895.14 over the next responsive quotation.
Folsom Lake Ford’s quotation (Attachment A, page 4) is $1,837.01 over budget; however, the dealer offers a $500 discount per vehicle, or $3,500, if paid within 20 days of acceptance. Historically, the City takes advantage of discounts for early payment. When applying the discount, the total purchase price is reduced to $278,337.01, or $1,662.99 under budget. Further, the Folsom quote meets all Department specifications, including the dual color requirement. In the unlikely event that the invoice is not paid within 20 days of acceptance, the Department will absorb the overage through savings from other vehicle purchases.

Section 2-9.201(f) of the City’s Municipal Code allows the use of cooperative agreements when the sponsoring agency has conducted a competitive bid process. The Cooperative Agreement with the State of California has met this requirement. In addition, the Cooperative Agreement, when utilized, does not allow the City to amend, modify or change any condition of the contract. Hence, the City “Wrapper” Contract (utilized when possible with cooperative agreements) is not accompanying this purchase. Given that this is a purchasing agreement and staff must approve acceptance of vehicles prior to payment, the City’s exposure to liability is minimal.

It should be noted that the Police Package Ford Utility Interceptor is a unique vehicle configuration. Prior attempts to invite bids through the City’s customary bidding process have been unsuccessful as no bids were received for Police Utility Interceptors. Therefore, there was no Request for Proposals issued for the Police Utility Interceptors recommended in this purchase and no bids were received from local dealerships.

**FINDINGS AND ALTERNATIVES**

The following alternatives are available to the City Council:

1. Authorize the Police Department to purchase seven (7) Ford Police Utility Interceptors from Folsom Lake Ford through the State of California Department of General Services Cooperative Agreement at a price not-to-exceed $281,837.01 and authorize the Interim City Manager to execute related purchasing documents;

2. Do not authorize the Police Department to purchase Ford Police Utility Interceptors;

3. Delay the purchase of Police vehicles;

4. Provide staff with alternate direction.

Staff recommends Alternative No. 1.
SUGGESTED CITY COUNCIL MOTION

I move to authorize the Police Department to purchase seven Ford Police Utility Interceptors from Folsom Lake Ford through the State of California Department of General Services Cooperative Agreement at a price not-to-exceed $281,837.01 and authorize the Interim City Manager to execute related purchasing documents.

SUMMARY

The FY 2019-20 Budget allocates $280,000 for the Police Department to replace seven Ford Police Utility Interceptors. Quotations obtained from two dealers with cooperative agreements determined that Folsom Lake Ford offered the lowest price and met all Department specifications. While the $281,837.01 quote from Folsom is slightly over budget, staff intends to take advantage of early payment discounts, which will reduce the total purchase price to $278,337.01, which is $1,662.99 under budget. Therefore, staff recommends that the City Council authorize the Police Department to purchase seven Ford Police Utility Interceptors from Folsom Lake Ford through the State of California Department of General Services Cooperative Agreement at a price not-to-exceed $281,837.01 and authorize the Interim City Manager to execute related purchasing documents.

Delivery made to any State department is to begin within 90 days after receipt of order (ARO). State departments may limit delivery to a maximum of ten (10) units per working day.

Delivery to local agencies is to be completed in full within 150 days ARO.

Since receiving hours for each ordering agency will vary by facility, it will be the Contractor’s responsibility to check with each facility for their specific delivery hours before delivery occurs. The Contractor must notify the ordering agency within 12
hours of scheduled delivery time, if delivery cannot be made within the time frame specified on the Order Confirmation.

Delivery shall be FOB Destination to the California Highway Patrol (CHP), Fleet Operations, 3300 Reed Ave., West Sacramento, California 95605.

Vehicles shall be delivered from the factory to the dealer’s place of business. If the purchase order indicates delivery outside an FOB point, the dealer and agency will negotiate for delivery beyond the FOB point. This delivery may be subject to an additional delivery charge by the resulting contractors. This charge shall be shown as a separate item on the purchase order and invoice.

State agencies requesting delivery outside the FOB area must contact the Office of Transportation Management for freight rate comparisons if the dealer is delivering the vehicle. These delivery instructions will be provided on the purchase order. Dealers receiving a purchase order without specific transportation instructions must contact the ordering agency.

Caravan or drive-away method of delivery from the factory to a dealer is not acceptable.
The supplier shall insure that each vehicle reaches its delivery point with no less than five (5) gallons of fuel in the fuel tank.

Drop ship deliveries shall not be made without prior State inspection.

Vehicles delivered from a dealer with more than 50 miles on the odometer will be charged 50 cents for each mile exceeding 50 miles. This charge shall be deducted from the order price for each vehicle delivered against each order. Vehicles delivered with more than 250 miles on the odometer will not be accepted.

20. SHIPPED ORDERS

21. SAFETY DATA SHEET
The Contractor shall provide a Safety Data Sheet for product(s) subject to Title 8 of the California Code of Regulations, Section 5194, Hazard Communication. The Safety Data Sheet is to be prepared and delivered in accordance with this Section, via facsimile or email, to the ordering agency upon written request.

22. INSPECTION AND ACCEPTANCE
Vehicles ordered for State use will be inspected by a State Inspector at the dealer’s place of business. Inspection will commence within five (5) State working days of notification that a vehicle is ready for inspection. Inspection will include: specification compliance, workmanship, appearance, proper operation of all equipment and systems, and that all documents are present. In the event deficiencies are detected, the vehicle will be rejected and the delivering dealer will be required to make the necessary repairs, adjustments or replacements. Payment and/or the commencement of a discount period (if applicable) will not begin until the defects are corrected and the vehicle is re-inspected and accepted.

Completion of inspection or acceptance by the State Inspector shall in no way release the dealer from satisfying the requirements of the contract, specifications, and warranty. Deviations from the specified requirements that are detected by the inspection shall be corrected by the dealer in an expeditious manner at no expense to the owning agency.

Inspection by local agencies will be at the dealer’s place of business or as otherwise agreed to by the dealer and local purchasing agency.
The following documents shall be delivered to the receiving agency with the vehicle:

- Completed and signed pre-delivery service checklist, including the order number and Vehicle Identification Number (VIN)
- “Line Set Tickets” or “Window Sticker” showing all options installed
- One (1) copy of the vehicle warranty
- One (1) Owner’s Manual
- Speed Calibration documentation for each vehicle

25. PAYMENT

A. Terms

Payment terms for this contract are net forty-five (45) days. Payment will be made in accordance with the provisions of the California Prompt Payment Act, Government Code Section 927, et seq. Unless expressly exempted by statute, the Act requires State departments to pay properly submitted, undisputed invoices not more than forty-five (45) days after the date of acceptance of goods, performance of services, or receipt of an undisputed invoice, whichever is later.

B. CAL-Card Use

Use of the CAL-Card for payment of invoices is not allowed under this statewide contract.

C. State Financial Marketplace

The State reserves the right to select the form of payment for all procurements, be it either an outright purchase with payment rendered directly by the State, or a financing/lease-purchase or operating lease via the State Financial Marketplace (GS $Mart and/or Lease $Mart). If payment is via the financial marketplace, the Contractor will invoice the State and the State will approve the invoice and the selected Lender/Lessor for all product listed on the State's procurement document will pay the Contractor on behalf of the State.

D. Payee Data Record

Each State accounting office must have a copy of the Payee Data Record (Std. 204) in order to process payments. State departments should forward a copy of the Std. 204 to their accounting office(s). Without the Std. 204, payment may be unnecessarily delayed. State departments should contact the Contractor for copies of the Payee Data Record.

The California seller permit number for the Contractor is listed below. State departments can verify that permits are currently valid at the following website: www.cdtfa.ca.gov. 27. WARRANTY

The manufacturer’s regular new vehicle warranty shall apply to all vehicles procured against the resulting contract.

The warranty shall be factory authorized and shall cover not less than 3 years/36,000-mile bumper to bumper, no charge parts and labor. All emission-related components shall be warranted in compliance with the California Air Recourses Board (CARB) and Federal requirements. Bids offering independent insurance or a statement indicating self-insurance will be deemed non-responsive and will be rejected.

This warranty shall be honored by all franchised dealers of the vehicle within the State of California. The State’s established preventative maintenance procedures and practices shall be acceptable to the manufacturer/dealers in lieu of the manufacturer’s prescribed procedures, which may form a part of the warranty. All warranty certificates and/or cards shall be supplied with each vehicle delivered.

If an additional extended warranty is purchased, a warranty certificate, warranty card, or a statement indicating the extended warranty has been recorded with the manufacturer shall be furnished with each vehicle delivered.

Normal wear items such as tires, belts, hoses, headlamps, light bulbs, brake linings, brake discs/drums, etc. are excluded from warranty coverage. All other items not subject to normal wear or gross operator neglect and abuse, such as window, seat or wiper motors, chassis electrical switches (door, trunk lid), paint, hinges, locks, etc., shall be covered.

The State reserves the right to use re-refined lubrication oils, where available, in lieu of the virgin equivalent oils. The re-refined oils used by the State will meet all API and SAE standards and specifications as set forth by the vehicle manufacturer. The use of said oils shall in no way void or degrade the original manufacturer’s minimum 3-year/36,000-mile warranty.

The State reserves the right to use recycled content antifreeze/coolant, where available, in lieu of virgin equivalent antifreeze/coolant, in servicing its vehicles. The recycled antifreeze/coolant used by the State will meet all ASTM standards and specifications as set forth by the vehicle manufacturer. The use of said recycled antifreeze/coolant shall in no way void or degrade the original manufacturer’s minimum 3-year/36,000-mile warranty.

“Manufacturer’s Warranty Policy and Procedures Manual” shall be made available upon customer request. The solicitation shall also require each awarded dealer to designate by name, a responsible contact and alternate assigned for the duration of the contract, who will resolve State warranty-related claims on a priority basis.

Note: Vehicles not placed in service immediately upon receipt shall be warranted from the date the unit is placed in service. The receiving agency shall notify the dealer in writing of the actual “in-service” date.
28. RECYCLED CONTENT

There is no recycled content associated with this contract.

29. SMALL BUSINESS/DISABLED VETERAN BUSINESS ENTERPRISE PARTICIPATION

There is no small business (SB) or disabled veteran business enterprise (DVBE) participation for this contract.

30. BIDDER DECLARATION/COMMERCIAL USEFUL FUNCTION (CUF)

The DGS-PD, as the awarding department, has assessed the Contractor and subcontractor certifications and CUF during the solicitation evaluation process. Consequently, when executing purchase documents pursuant to this contract, it is not necessary for State departments operating under statewide contract purchasing authority to request the completion of a Bidder Declaration document or perform additional CUF analysis. The department should make a notation of this within their procurement file.
